

## How I cashed in \$5K last month

Welcome to my Channel, now I am going to show y'all how I am going to use different cashout methods to make around \$10,000 each month (\$100K annual from online jobs alone).

In the month of February I applied for tax refunds so will be making \$10K+ in that space.

This particular job made me \$5,000 so uploading how I made that money and you can also follow suit.

1. So I collected this bank drop from my usa client. It allows ACH and MD but decided to run ACH transfer on it since Mobile Deposit limit is like \$2k (small money 😊)

## 2. I clicked on **TRANSFER**. And then clicked on **EXTERNAL ACCOUNTS**.

Another name for ach is **External bank transfer**, so if you log into any bank and you see the word “**external accounts**” then that bank allows ach bank transfer. You get me?.

3. If I clicked Link with Plaid, they would have sent verification code to email and I don't have that, so I chose "Link with Micro-Deposits."

The screenshot shows a web browser window with the URL `online.gogulfwinds.com/GWFCUOnline/uux.aspx#/extension/ManageExternalAccounts/Main`. The page title is "Manage External Accounts" and the user is identified as "Good Afternoon, GREGORY BURKS". A blue navigation sidebar on the left contains links for Home, Secure Messages, Transfer, To My Accounts, Manage External Accounts (highlighted), Pay, Credit Cards, Loans, Apply Now, Services, Settings, Resources, and Log Off. A blue banner at the top of the main content area reads: "Closure Notice: Gulf Winds will be closed Monday, January 19, in observance of Martin Luther King Jr. Day." Below this, the "Manage External Accounts" section contains the following text: "This form will enable you to request that an external account (an account you have at another financial institution) be linked for electronic transfers. You can also manage your existing external accounts tool Please note that only domestic (U.S.) banks are allowed." Under the heading "ADD EXTERNAL ACCOUNT(S)", there are two cards. The first card, "Instant Verification", states "If available, you can link your account instantly through our Plaid integration." and has a blue button labeled "Link with Plaid". The second card, "Micro-Deposits", states "Input your account information and verify with micro-deposit transactions in 1-3 business days." and has a blue button labeled "Link with Micro-Deposits". Two blue arrows point to these buttons. Below the cards, the heading "MANAGE EXTERNAL ACCOUNT(S)" is followed by the text: "If you are attempting to verify the micro-deposits for one of the external accounts that you have previously requested to be linked through micro-deposits and do not see it here, it is likely that your micro-deposits may have been expired. Please resubmit the external account."

4. Now I put in the Account Number and Routine Number of the hacked bank login I bought from Online shop.

**External Account Authorization**

Your External Account request has been submitted.

Two small micro deposits will automatically be made to your External Account. It can take from 1-3 business days for these deposits to appear in your External Account.

When you receive the two micro deposits in your External Account, please return to Manage External Accounts in Digital Banking, and use the "Verify Account" option on the account tile to verify your External Account. You will need to know the amounts of both micro deposits to verify your External Account.

You will not be able to make transfers to/from this External Account until the micro deposits have been verified.

Close

If you are attempting to verify the micro-deposits for one of the external accounts that you have previously requested to be linked through micro-deposits and do not see it here, it is likely that your micro-deposits may have been expired. Please resubmit the external account.

6. So after a day, I logged into the bank log (where the money will be withdrawn from). Went over to the transaction history and saw the two micro deposits (always less than \$1)

The screenshot shows the Huntington National Bank online banking interface for an Asterisk-Free Checking account (6595). The account balance is \$2.98. The transaction history table shows three transactions from 01/21/2026, all with the description 'GWCU ACCTVERIFY'. The first transaction is a pending debit of \$1.65, leaving a balance of \$2.98. The second transaction is a pending credit of \$0.90, leaving a balance of \$4.63. The third transaction is a pending credit of \$0.75, leaving a balance of \$3.73. Blue arrows point to the date and description of the first two transactions, and other blue arrows point to the amounts and balances of the second and third transactions.

Date	Description	Amount	Balance
01/21/2026	GWCU ACCTVERIFY	-\$1.65 pending	\$2.98
01/21/2026	GWCU ACCTVERIFY	\$0.90 pending	\$4.63
01/21/2026	GWCU ACCTVERIFY	\$0.75 pending	\$3.73

7. I went back to the receiver account (Bank drop) to verify the external account I added. It a **huntington bank log** I bought.

# 9. ADDED

The screenshot shows a web browser window with the address bar displaying `online.gogulfwinds.com/GWFCUOnline/uux.aspx#/extension/ManageExternalAccounts/Main`. The page title is "Manage External Accounts | G...". The browser's address bar also shows navigation icons and a search icon.

The main content area features a dark blue sidebar on the left with the "Gulf Winds" logo at the top. The sidebar menu includes: Home, Secure Messages, Transfer, To My Accounts, Manage External Accounts (highlighted), Pay, Credit Cards, Loans, Apply Now, Services, Settings, Resources, and Log Off.

The main content area displays a "Success" modal dialog box in the center. The dialog has a green checkmark icon and the text: "Success. Congrats! Your external account is successfully linked. You can now use this account to transfer funds." Below the text is a blue "Close" button.

Below the modal, there are two buttons: "Link with Plaid" and "Link with Micro-Deposits".

The section "MANAGE EXTERNAL ACCOUNT(S)" is visible below the buttons. It contains a warning message: "If you are attempting to verify the micro-deposits for one of the external accounts that you have previously requested to be linked through micro-deposits and do not see it here, it is likely that your micro-deposits may have been expired. Please resubmit the external account." Below this message are three account cards:

## 12. After I clicked on Authorize. The transfer was sent.

**13.** Latest by next day, my \$5,000 was in!! client cashed it at the bank and sent my cut to me.

## Summary

- I posted in a group that I was looking for a drop to run ach into it
- A friend sent me his client bank drop. I went over to a bank log shop and bought a log with money in it
- I logged into the client bank and clicked on 'add external account'.
- I added the bank log info I bought and verified with micro deposit.
- Made a transfer and money was in next day. Not all banks allow ach, you need to login first to see if they have 'External bank' option.

ALL YOU NEED IS A BANK LOG ( from where you will be sending money ) AND A BANK DROP OR CLIENTS ACCOUNT ( where you receive money )

YOU CAN BUY BANK LOGS ON [HTTPS://BLCKLGS.IO/](https://blcklgs.io/) THEY ALSO SELL BANK DROP BUY IN CASE YOU DO NOT HAVE RECEIVING CLIENT TO TAKE CARE YOUR INCOMING TRANSACTIONS. MAKE SURE TO BUY BANK DROPS WHICH HAS PHYSICAL DC.
