- **Meaning of 401K account.**
 - So 401K is like a retirement/pension plan set up by the client employer and it already has available balance in them.
 - 99% of every client in USA has a 401k account as far

as he has worked before, every employer create it for their employee so they divert part of their salary there for pension

- Only 10% of the USA client will admit truthfully that they have a 401K account, the rest will lie about it because they are not stupid, no one will willingly tell you about money saved for their pension (in part 2 of the tutorial, will teach you how to get the 401k account even if they lie about it)

- The most popular companies who offer the 401k plan are

- FIDELITY 401k - PRINCIPAL FINANCIAL GROUP 401k - ADP
RETIREMENT SERVICE 401k - WALMART 401k
- EMPOWER 401k - HUMAN INTEREST 401k

- VANGUARD BANK 401k - CHARLES SCHWAB WORKPLACE RETIREMENT
