

HOW TO ADD MONEY TO CASHAPP

MY HONEST REVIEW

So back in 2021 we used legit Payroll & Direct deposit softwares like Netchex & Paychex to add money to Cashapp account.

 You can find Trustpilot reviews of that Direct Deposit software at the link below:

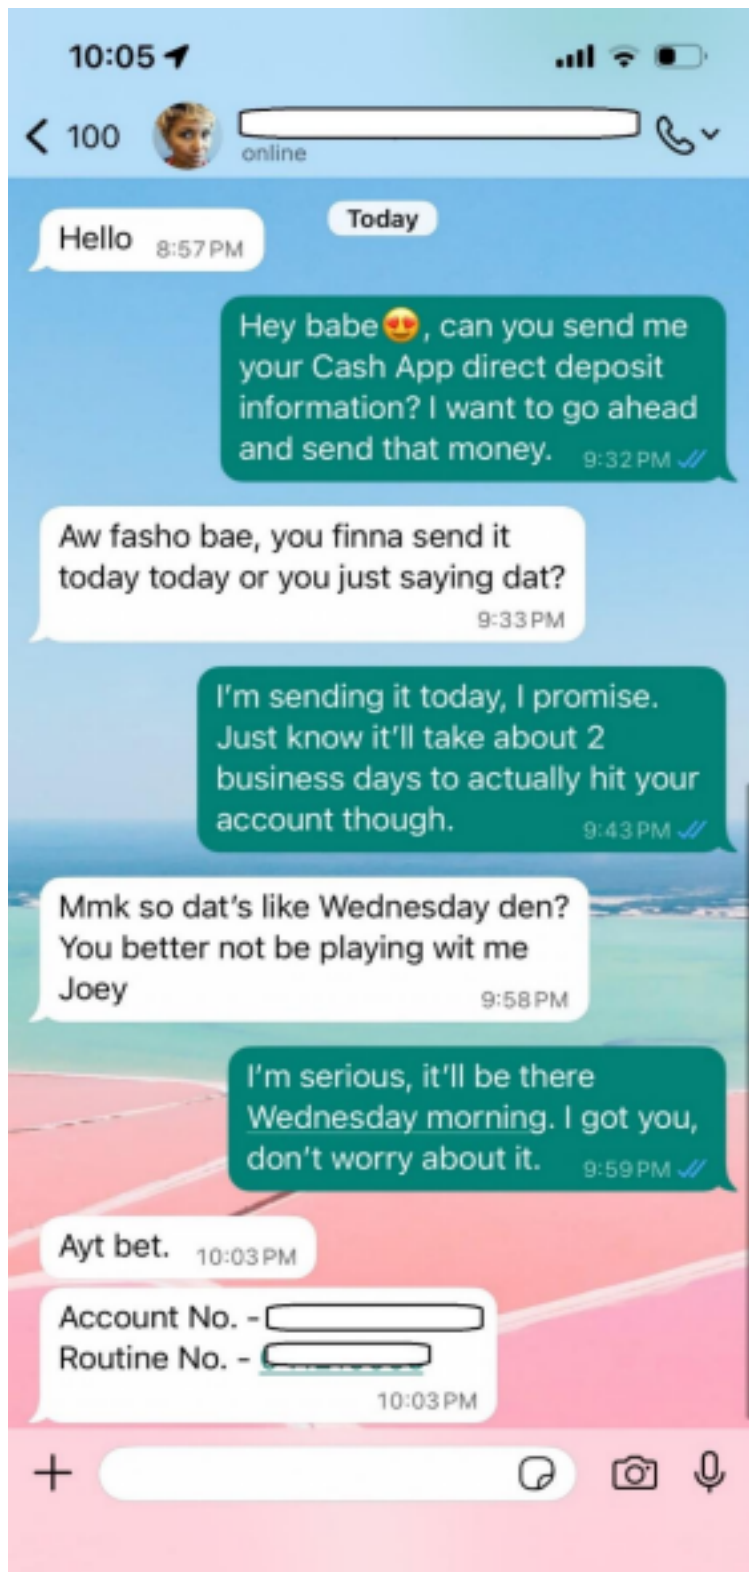

<https://www.trustpilot.com/review/www.netchex.com>

However, Netchex these days ask a lot of document verifications and they only process payment if the name on the source bank matches the name on the Cashapp.

We have stumbled on a new direct deposit software that doesn't do verification and doesn't care about same name.

Below is my personal review on how I used it

1. I initially collected the Cashapp Direct deposit information

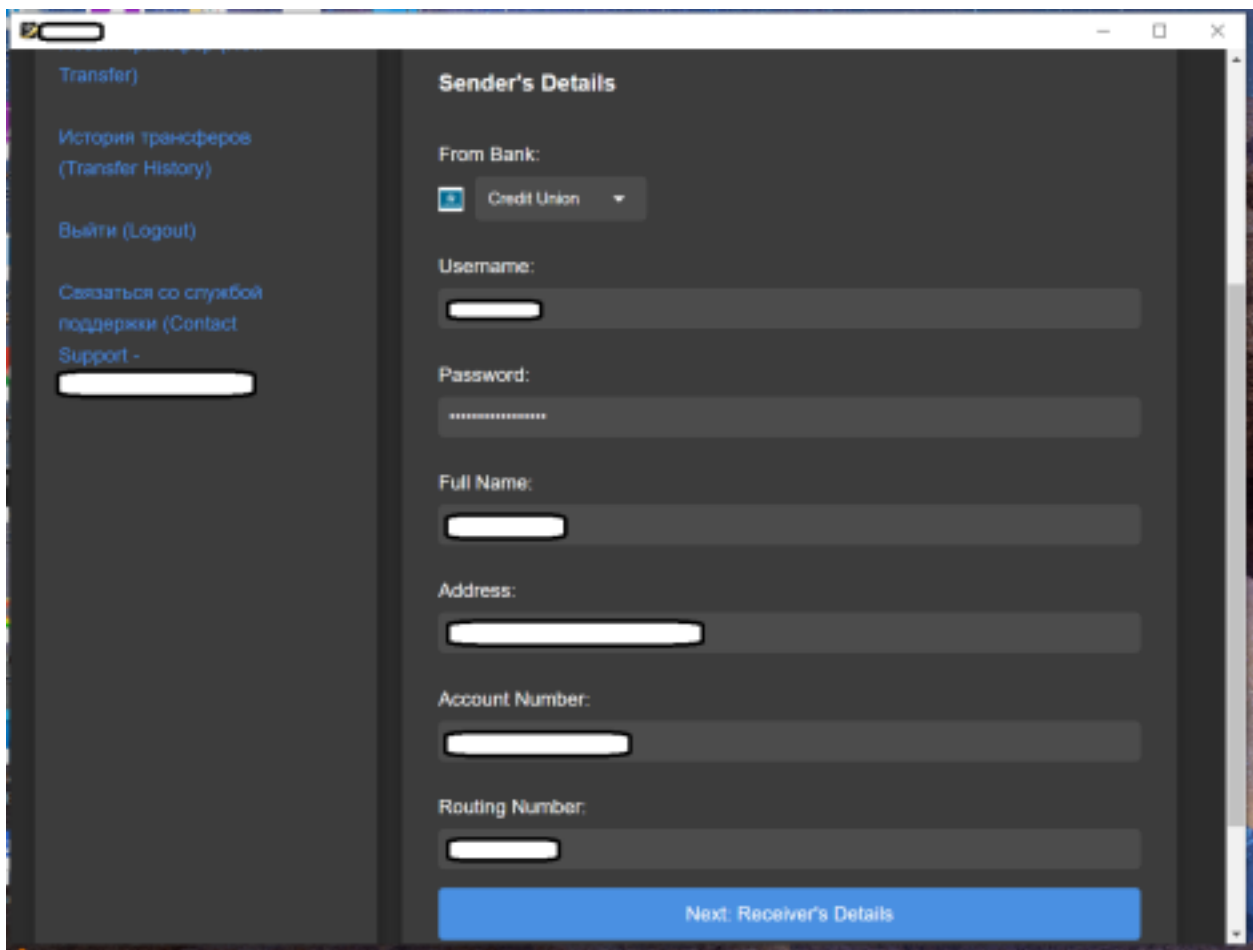

Just an illustration on how to scam horny dudes or bitches on dating apps and make them share their banking information and turn them into money mules without them knowing they're being used. If you can't win people like this, just straight up by kyc verified cashapp accounts on blcklgs.io

2. My lazy ass brother got me the Bank account (Bank log) - Sender details

This is where the money will be withdrawn from.

3. So this is the Direct deposit software. I Copied & pasted the Sender's Details; where the money will be withdrawn from.

The screenshot shows a web application interface with a dark theme. On the left is a sidebar with navigation links: "Transfer)", "История трансферов (Transfer History)", "Выйти (Logout)", and "Связаться со службой поддержки (Contact Support -)". The main content area is titled "Sender's Details" and contains the following fields:

- From Bank:** A dropdown menu showing "Credit Union".
- Username:** A text input field.
- Password:** A password input field with masked characters.
- Full Name:** A text input field.
- Address:** A text input field.
- Account Number:** A text input field.
- Routing Number:** A text input field.

At the bottom of the form is a blue button labeled "Next: Receiver's Details".

4. And this is where I pasted the Cashapp's Account Number & Routine Number. Then clicked on Initiate Transfer

Добро пожаловать, Joey!

5. Transfer was successful.

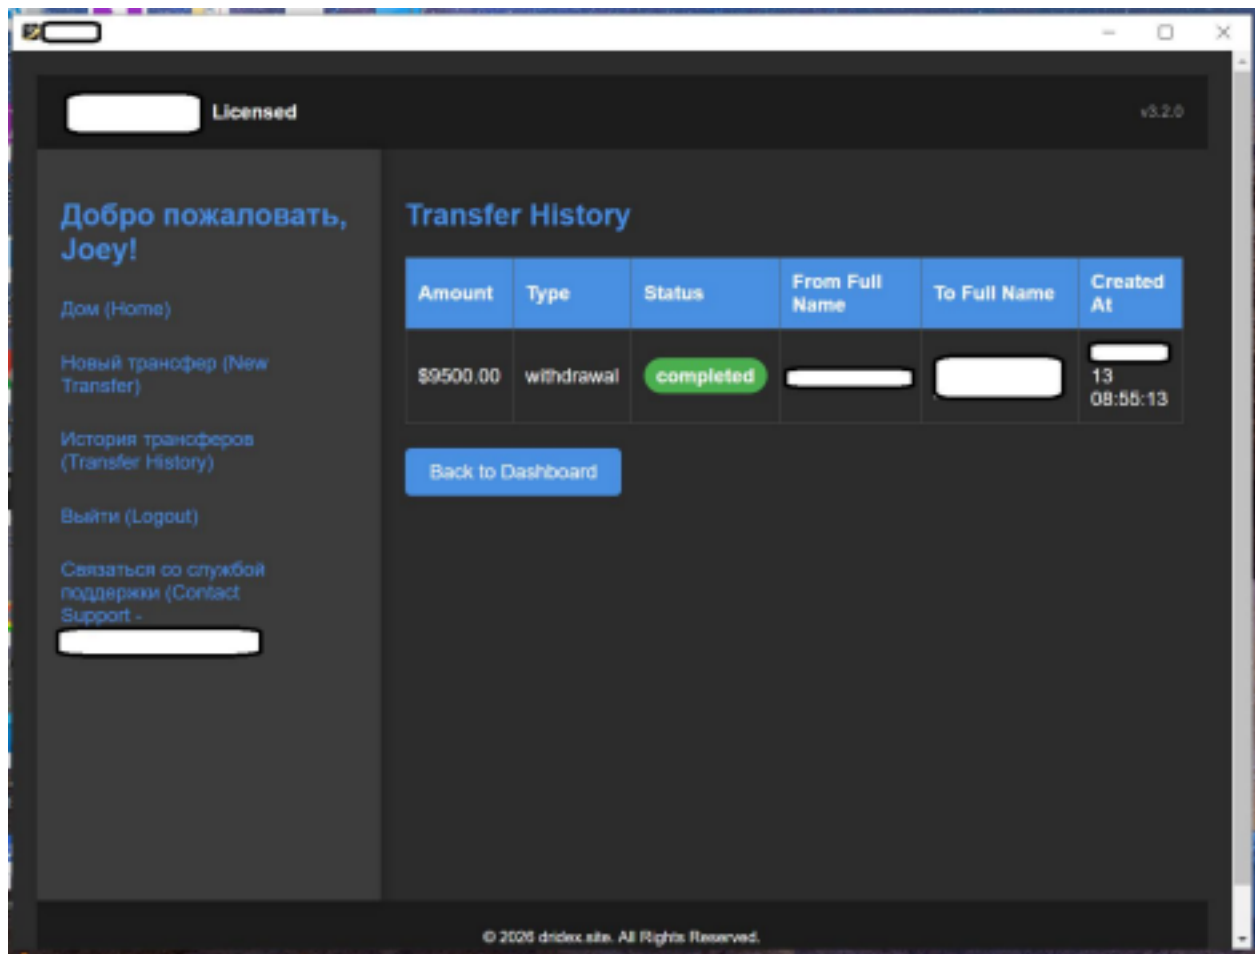

6. PENDING status.

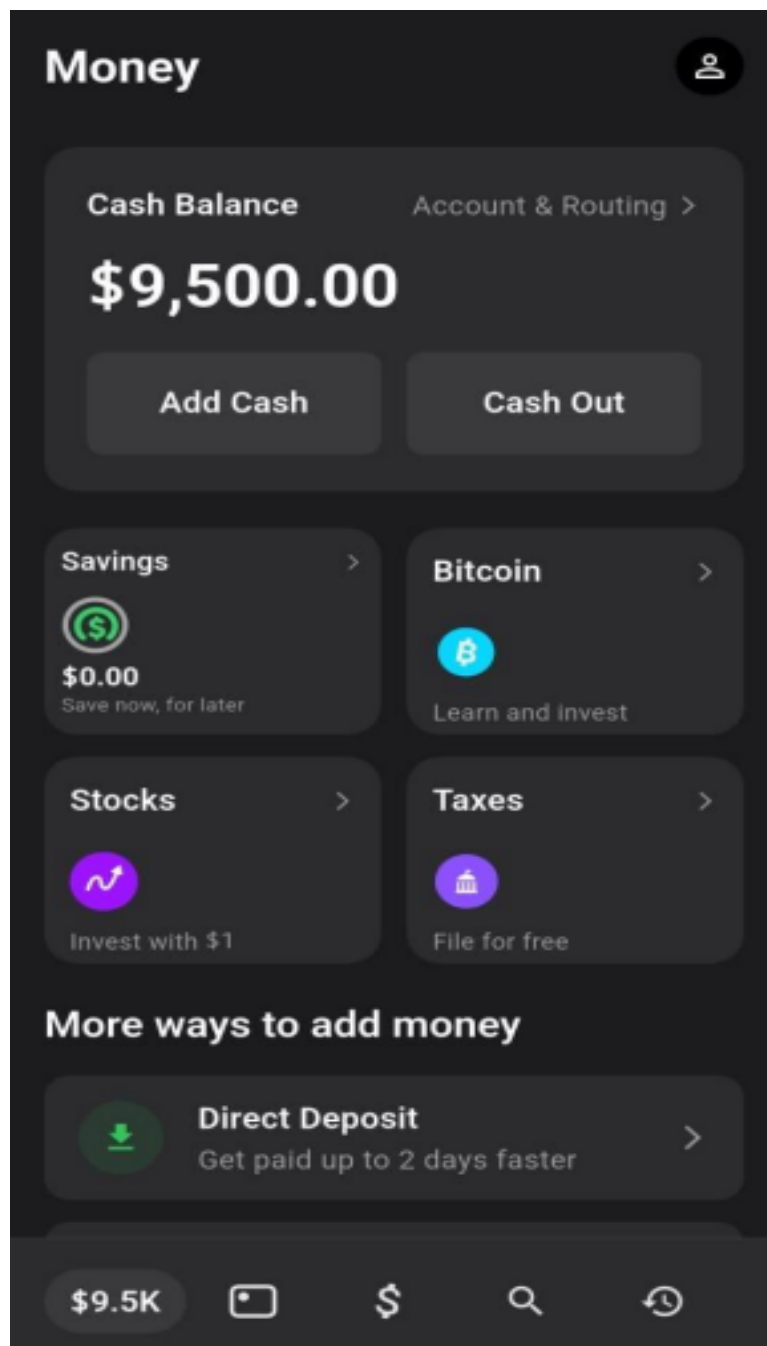

7. This was the balance of The Cashapp when the transfer was done.

8. After two business days. Status changed to COMPLETE.

9. After 2 business days, this was the balance in the Cashapp after status changed to Complete.
